# ITAB signs agreement for gates and guidance solutions to leading grocery chain in Europe

---

**ITAB Group ("ITAB") has been awarded a framework agreement for a large-scale rollout of entrance and exit gates systems, checkout gates and customer flow management solutions for grocery stores across multiple European countries. The customer is a leading European grocery chain and ITAB's solutions will be integrated into more than 400 existing stores and checkout areas. Although there are no minimum commitments, the agreement runs for an initial term of 12 months and the total value of products, services and installations is estimated at approximately MEUR 8.**

ITAB will work closely with the customer, a leading European grocery chain with a large store network, to ensure seamless delivery and installation of ITAB's high-quality gates and guidance systems in more than 400 stores across multiple European countries. The solutions will be integrated into existing store formats and checkout areas with the purpose of enhancing the chain's operational efficiency and loss prevention, as well as contributing to their customers' shopping experience.

"This agreement strengthens our relationship and deepens the collaboration with this important customer. It also strengthens ITAB's position as one of the leading solution partners in retail technology with cutting-edge checkouts, gates and guidance for the retail sector in Europe. The agreement confirms the Group's capability to deliver cross-border rollout projects and our ability to support store security, loss prevention, and customer flow optimisation. We are proud to be part of this collaboration and look forward to delivering success together", says Björn Borgman, President & CEO of ITAB Group.

The implementation of the agreement will begin shortly. Although there are no minimum commitments, the total value of the products and services is estimated at approximately MEUR 8 for the next 12 months.
